MUTUAL FIREFIGHTING AID was the keynote of a simulated fire drill Wednesday evening, July 9, at the IBM Kingston Military Products plant. IBM Kingston Fire Chief Jerome F. D'Anneo, (second from left), points out fire-fighting maneuver to (l-r) observers Julius E.

## Hurley Board Head Raps Allen Action

Voters of Hurley Union Free School District No. 4, are "indignant and frustrated" by the action of Commissioner of Education Dr. James E. Allen Jr., in declining to sign an order of consolidation for the Greater Kings-

## Board Approves Rec Program for Town of Ulster

The town board of the Town of Ulster has approved the organization of this summer's recreational program for the children of the town.

Supervisor Alexander Banyo has announced the board's appointment of George Fernandez of Hurley as program director.

### Summer Schedule

The recreational advisory committee composed of Supervisor Banyo; Reginald Russell, principal of the Chambers School; Edward Crosby, principal of Lake Katrine School and school officials from the East Kingston and Emma Wygant Schools have announced this summer's schedule of activities. The program is sponsored in a cooperative project between the town board and the New York State Youth Commission with Mrs. Fanmie Lawson, State District Director assisting the board of directors in its activities. Principal Russell is acting chairman of the committee.

Children of the town will be picked up by bus which will start at East Kingston about noon and proceed over Tuyn Road to Softy's Store at Lake Katrine, Neighborhood Road, Boice's Lane, Morton Boulevard, 9W, Lawrenceville Street, Esopus Avenue, Lincoln Street, Park Place, Vincent Street, Cook Avenue, Guyton Street, Stahlman Place, Plainfield, Harwich Street, Kiersted Avenue, Wrentham Street, Miller's Lane Extension, Golf Terrace and on to DeWitt Lake, arriving at DeWitt Lake about 1 p. m. Children living in the Golf Terrace area will meet the bus at the store on Lucas Avenue and Golf Terrace.

This summer's activities will include playground games and sports, indoor games and gym activities, swimming on Tuesday and Thursday afternoons, music instruction by Mrs. M. Van Voorhis at the Chambers School on Tuesdays and Wednesdays, and movies shown on Monday, Tuesday, Wednesday evenings.

Throughout the season the director will announce special events and will supplement the above activities with weekly special events. Children under eight years of age will be prohibited from going swimming. Mrs. L. Ferraro, faculty member of Chambers School, will

## Hoffman Wins Contest For Saugerties B of E

Voters of Saugerties Central School District named two new members to the board of education including Harry S. Hoffman Jr., who won by three votes, and re-elected one other in Wednesday's balloting at Main Street School, Saugerties.

Hoffman, of Churchland, won a three-way contest for the five year term over James J. Owens of Mt. Marion, 232 to 229. The other candidate, Victor F. Patience of Whittier, Flatbush, received 193 votes.

Richard P. Smith defeated John C. Kerns 382 to 252 for the two-year term to represent the village on the board.

Charles Riccardi of Glasco, unopposed, was re-elected for

## Ulster, IBM Fight Mock Explosion

Cooperative action by IBM and Town of Ulster agencies was demonstrated last night in a simulated disaster.

Smoke bombs and flares played the part of a gasoline explosion in a shipping dock at the local IBM plant at 8 p. m. Mock damage included power failure, equipment destruction and sprinkler system piping rupture.

Within minutes the company's trained fire and rescue squads began successful efforts to extricate two "casualties."

Community cooperation played a key role in the drill. Ulster Hose Company No. 5 responded to calls for aid. Together, the IBM and Ulster Hose firemen fought the blaze, confined it to the dock area and extinguished the flames barely an hour after the explosion.

### Success, Say Observers

Demonstrating planned preparedness to meet disasters with immediate first aid, rescue, fire-fighting and damage control, the emergency drill was considered a success by official observers from the Kingston, Town of Ulster and Port Ewen fire departments, the U. S. Air Force and IBM.

The drill pointed up the importance of knowing combined industry-community disaster fighting capabilities.

IBM's Kingstone's emergency action program is designed to combat and control a natural or industrial disaster to the plant and surrounding areas.

### Concentrated Action

Under the program's emergency action committee, several hundred persons in nine plant groups would perform vital disaster relief and rescue work.

The groups are plant protection, fire and rescue, damage control, medical, evacuation, transportation, public relations, personnel and vital records.

### Cites 'Mistaken' Impression

In a statement issued today, President Larios said there was a "mistaken" impression that the people of Hurley displayed little interest in the consolidation issue. He said the voters of Hurley "exhibited a genuine, sober and realistic view toward this critical issue. If the discussion on consolidation was brief, it was merely due to the almost unanimous expressions voiced by our voters."

The statement continues:

"The voters were indignant, frustrated and anxious. Indignant because they were asked to vote for consolidation, relinquishing their right to elected representation on school issues. Knowing this was in the best interest of the future education of our children, our voters indicated a willingness to back this state sponsored consolidation. They are indignant because after action by the Kingston board, the commissioner of education offered us as a reward, for our

## Esopus to Seek Quarantine at Night for Dogs

Esopus Town Board is seeking establishment of a night quarantine for all dogs in the township in its efforts to cope with the "wild dog" situation, it was announced at the meeting of the board Wednesday night at the town hall.

According to Supervisor Roger W. Mabie, the board made a formal request of the State Department of Agriculture to quarantine all dogs within the township at night for a limited time. It was pointed out that with a quarantine, all household pets would be indoors or chained at night and all other dogs at large could be assumed to be wild or unlicensed.

### Raids Motivate Action

Action was motivated by reports to authorities that sheep had been reportedly raided by wild dogs in the area.

Baiting was on voting machines. Exactly 700 persons voted, including two write-ins.

Smith will replace William Ziegler, who served as president of the board.

Hoffman, of Churchland, won a three-way contest for the five year term over James J. Owens of Mt. Marion, 232 to 229. The other candidate, Victor F. Patience of Whittier, Flatbush, received 193 votes.

## Demand of Radel For Resignations Called Fantastic

A Kingston attorney today called on Mayor Edwin F. Radel to "direct some of his misguided energy to straightening out the police situation" instead of "attempting to inject petty politics into education."

Vincent G. Connelly of Connally & Connally, a law firm at 277 Fair Street, labeled "fantastic" Radel's request that seven members of the board of education resign because they voted for school consolidation after it had been turned down in the city by a referendum.

### No Resignations Yet

Radel sent a communication to the board meeting Monday calling for the resignations.

Indications are that every member of the board is staying on. The decision is up to the individuals.

Connally, confidential law

clerk to Supreme Court Justice Roscoe V. Elsworth and former chairman of the City Republican Committee, said, "His (Radel's) advisers have never taught him concerning the principles of autonomy and independence of school boards given by the people of the State of New York through its legislature as a result of the revisions of the Education Law in 1950."

A letter to the editor from Connally said it was brought out at several public meetings on the Greater Kingston Area Consolidation issue that it was the decision of the board that the referendum was not to be conclusive.

### Community Cooperation

Expressing appreciation for the efforts of the Kingston board, Larios said, "If consolidation is dead; let's bury it now so our efforts to provide the best possible educational system for our children does not die with it. ## Miners Trapped, Chances Are Slim

SOPHIA, W. Va. (AP)—Three veteran miners of the Slab Fork Coal Co. were trapped early today deep in a mine by an explosion.

A. L. Walker, general manager, said chances were slim of finding the men alive.

The three were Herbert Cline, about 42, a foreman; Sam Sawyer, about 54; and Walter Moore, about 38.

Walker said the men had been hired for one day's work to set pumps in the mine.

The No. 1 mine, one of two operated by Slab Fork, was scheduled to reopen next Monday.

Walker said the explosion was caused by gas igniting about two miles from the entrance.

A mine rescue unit from Oak Hill was trying to reach the entombed men. Other units from Welch and near Mullens were on their way to the mine.

L. J. Neal, chief electrician at the mine, said a search team reached within 1,000 feet of where the men had been working and discovered the blast area.

The noise of the explosion was not heard on the surface, Neal said.

ROME (AP) — A prosecutor's notice of appeal today delayed annulment of the marriage of Ingrid Bergman and Roberto Rossellini.

The presiding judge of Rome's First District Court announced

today that the court had annulled the eight-year marriage of the Swedish film star and the Italian movie director.

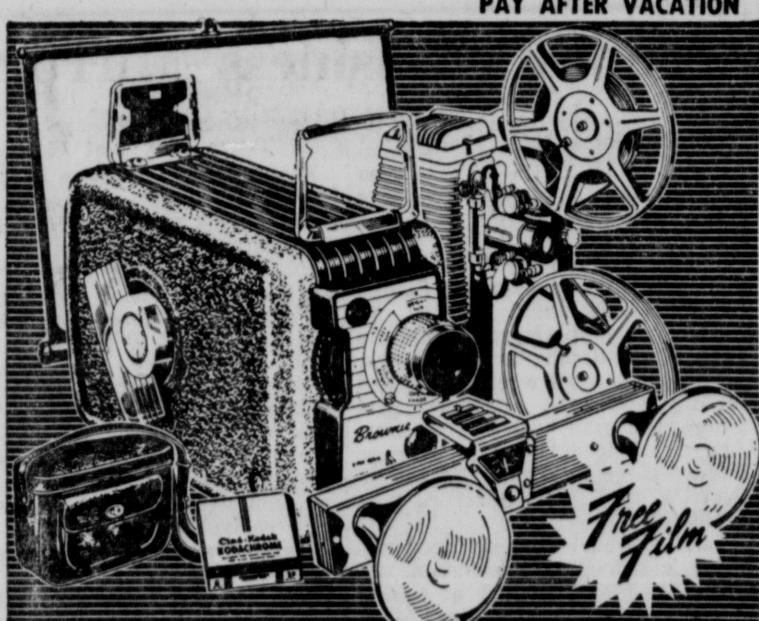

But the judge said the public prosecutor had announced intention to appeal the decision and that it would not become final until the appeal was heard.

**Stepinac Operation Ruled Successful**

BELGRADE, Yugoslavia (AP) — Doctors Wednesday performed an emergency operation on Alojzije Cardinal Stepinac's right leg to halt a thrombosis condition threatening his life.

Medical sources said the operation appeared to have been successful.

The sources said the surgery did not involve amputation but was an intervention to remove a blood clot that appeared to be spreading.

The operation was performed in Krasic, Cardinal Stepinac's home village 40 miles from Zagreb to which he has been confined since his parole from prison in 1953.

Cardinal Stepinac, 60, spiritual leader of Yugoslavia's seven million Roman Catholics, was released from prison after serving 5 years of a 16-year sentence for collaboration with the Germans during World War II. He denied charges of following the Nazi propaganda line.

**Unionization Vital Factor****Jersey Braces for Strikes, Violence in Dairy Industry**

TRENTON, N. J. (AP) — A storm with dark thunderclouds is forming over New Jersey's dairy industry.

The state government and some dairy leaders are getting set for strikes and perhaps violence in July and August.

Higher milk prices could result. A new factor in the dairy industry is responsible for dire predictions. This is the successful attempt of the powerful Teamsters Union to organize some milk farmers in New Jersey, New York and Pennsylvania.

**Some Groups Opposed**

Unionization of the farmers is being opposed by the N. J. Farm Bureau and other farmer groups, partly on the charge that the Teamsters seek to expand their sphere to all agriculture eventually.

The union involved is Local 69 of the International Brotherhood of Teamsters, with headquarters in Milford, Pa.

Most of its members come from the old 4,000-member Tri-State Master Dairy Farmers Guild which drew thousands of unhappy milk farmers from the New Jersey-Pennsylvania-New York area around the northwest corner of New Jersey.

For many years milk farmers in the rural northern and central parts of the state have felt they were not getting their proper share of the amount housewives pay for their milk.

Some are about to go bankrupt with the present federally fixed prices amounting to a return of 14 cents a quart of fluid milk.

Some claim the dealers, the big dairies, are getting rich on the other 14 cents in the present 28 cent price.

The dairies say they average a profit of only 1/4 cent a quart be-

cause of high labor costs (partly to pay Teamster truck drivers) and because much of their milk is sold to sub-dealers at about 22 cents.

Anyway, the Tri-State farmers think joining the union is the best way to get a better return on their milk.

**Urge Strong Co-operation**

The N. J. Farm Bureau, claiming to represent 7,000 farm families in the state, has plugged for strong farmer co-operatives to accomplish this aim.

The Farm Bureau, the N. J. Dairymen's Council, and the United Milk Producers Assn. of New Jersey have opposed the idea of unionizing farmers. They say farmers are independent businessmen whose interests run exactly counter to those of laboring men.

On May 28 the smoldering dispute between the Teamster farmers and the Farm Bureau came to a head when Herbert Voorhees, Farm Bureau president, appeared at a Flemington meeting in response to a challenge in a Teamster newspaper advertisement.

Voorhees, a farm leader for 17 years, was greeted with boos and catcalls when he said farmers should rally around the present groups to get a better milk price instead of what he called an illegal alliance with organized labor.

**Says Hoffa Only Hope**

Charles Cartwright, Teamster organizer and the Guild's executive director, then told the cheering gathering, "Jimmy Hoffa is your only salvation. Hoffa has been dead for 17 years. He has done absolutely nothing for you farmers." He continued:

"If the Teamsters Union and Jimmy Hoffa, as bad as we are and as horrible as he is painted,

can do half the job for you farmers as we did for the laborers, you'll be in good shape."

It is possible that the guild-un-

ion will have to face a court test of its legality.

This was admitted in a speech recently by a lawyer for the guild, Arthur Mc Ginn Jr. of Albany, N. Y. Nevertheless, he maintains it is legal for milk producers to organize and bargain on the price of milk.

**Dairies Are Neutral**

The dairies are maintaining a neutral stand in the dispute. But Dan Wetlin, executive director of the N. J. Milk Industry Association, has this to say:

"We had violence a year ago last February. Substantially, the group involved in that has not changed. If anything develops to bring violence again, we will be very much concerned about it."

In a recent Farm Bureau newsletter, the bureau asked, "What is the magic formula the Teamster-farmers will use to gain this higher price for milk and still keep it legal and free of strife, mob vi-

lence and intimidation?" The answer may come in August . . . there are dealers who won't be bulldozed into making their milk regardless of union pressure."

### THE NORTHERN FRONTIER

It has been freely predicted that statehood will vastly increase Alaska's population. There is little doubt that the present populace of somewhat more than 200,000 will be overshadowed before long, though the anticipated millions may not materialize quite as soon as the most optimistic Alaska boosters seem to think.

One factor that may bring in a substantial influx of new people is the proposed relaxation of homestead rules. When Alaska becomes a state, a vast acreage now held by the federal government will be turned over to it. Gov. Michael A. Stepovich anticipates that homesteading regulations will be eased to attract many more would-be landowners to the northern territory.

Homesteading in northern Alaska will be far from easy. Yet quite a few ambitious young men and women may be drawn by the old lure of free land and a life amid pioneer surroundings. That element has almost vanished from the American scene, though it contributed largely to this nation's development. There is something good about the idea that we still have frontier lands to be opened and developed.

Family income seems to be following the modern trend these days. Like so many of the new products, it dissolves instantly.

### ROAST FOR BREAKFAST

What makes most people such conformists when it comes to breakfast? Why cereal? Why bacon and eggs, toast, orange juice, prunes, oatmeal, sweet rolls? Coffee, certainly, to open the eye and cheer the laggard spirit. But why not a bit of variety—something outside the mine run of viands acceptable at day's dawning?

Why not, say, a cup of soup followed by a nice slab of beef warmed over from last night's roast, with a dish of green beans on the side, topped off with a wedge of apple pie and a slice of sharp cheese? Now, there would be a breakfast to send a man roaring off to battle dragons! If, that is, he could first overcome his conditioned aversion to dinnertime foods at breakfast—and persuade his wife to set them forth.

The fact is that breakfast, even if confined strictly to foods that some folks eat in the morning, can have great variety. Many a New Englander still begins certain days with cold baked beans and brown bread. We know a man, sound of mind and body, who favors creamed chipped beef on toast—and even gets it on rare occasions when his wife can bring herself to prepare cream gravy at 6:30 a. m.

Soup, though not as common as crunchy wunchies on the breakfast table, has its defenders. Strong men swear by that nourishing combination, steak and eggs. Cheese and crackers, fresh fruit and black coffee sound like the final course of an elegant dinner, but they are a splendid breakfast variant also. We're not suggesting peanut butter sandwiches or oysters on the half shell as a morning sendoff. But a change of pace, even in breakfast menus, is a marvelous stimulant.

The Rockefeller report on education deplores "the unfair caricature of the dowdy and fussy school teacher." It's not only unfair but inaccurate—as anyone would realize after getting a look at the new third grade teacher.

### RAGWEED ERADICATION

A comprehensive program to eradicate ragweed which plagues some half-million hay fever sufferers each year in New York State has been adopted by the State Air Pollution Control Board.

Under the new program, the board will operate air sampling stations, support research into ragweed and other pollinosis sources, encourage development of ragweed control programs throughout the state and establish public information service.

State Health Commissioner Hilleboe points out that a successful state-wide rag-

By GEORGE SOKOLSKY

### HOW FAR?

Thomas D. Cabot, speaking on behalf of the C.E.D. before the House Ways and Means Committee to extend the Trade Agreements Act, made this arbitrary statement which requires analysis because it has become so fashionable:

"This economic advantage is very clear when we buy from abroad things we don't produce at all at home. But there is a decided economic advantage to buying from abroad those things which others can produce more efficiently—even though they could be produced at home—and selling abroad those things which we produce more efficiently."

The word, efficiently, covers a multitude of conditions which Cabot and others do not discuss. Does "efficiently" mean because the workers abroad are more competent, as Chinese women in Amoy and Swatow are in embroidering handkerchiefs and women's lingerie, or does efficiency mean that the goods can be produced more cheaply because wages are lower, hours are longer, taxes are less, and a subsidy is provided by a government or by the United States through its various aid organizations? What are the precise facts as regards each commodity in each market? For instance, how is it possible for West German and Russian automobiles to invade South American markets at a time when the automobile industry in the United States has been hit by a recession? Are the automobiles of these other countries more efficiently made than ours or are they able to sell them for a lower price or by barter because of government support as in West Germany or because of the no-price barrier as is the case of Soviet Russia?

Cabot says that our foreign trade policy has been viewed as an integral part of our foreign policy. If that is so, what economic means are devised to keep this nation at full employment? Also, what methods are used to prevent plants from becoming obsolescent by disuse, so that when we need them for our national existence, they are available? It was possible for the United States to crash-program the manufacture of the atomic bomb because some 2,000 manufacturers were co-opted to join in this work. That was possible during the economic activity of war; what happens to such activity during a recession, with men laid off and the plant idle?

If our foreign trade policy is a phase of our foreign policy, how could it be possible that we have been steadily losing our Latin American market? If foreign policy is to determine the course of our foreign trade should we not pour everything we have into the cultivation of our Latin American trade? There seems to be a gap between Cabot's description of policy and the actual course of events.

The gap is due to the assumption that the American post-war prosperity would last forever and that as the richest nation on Earth, we can afford to be generous to friend and foe, to former friend and former foe. But are we the richest nation on Earth? How is such richness measured? The classical method would be our possession of gold reserves, not on deposit but owned by us absolutely. Perhaps a more current method for the measurement of richness would be full employment at high wages and reasonable hours. Whatever yardstick is used, the question still needs to be answered as to whether we are, in 1958, the richest nation on Earth.

Certainly Soviet Russia is challenging that claim and is entering upon a vast give-away program to prove that it too is rich. Like us, the Russians are giving away gold; like us, they have made foreign trade a phase of foreign policy. Unlike us, they only move goods to those countries where it will specifically do their foreign policy some good. For instance, they need to restore diplomatic and commercial relations with Brazil; so they negotiate to pick up Brazil's surplus coffee at barter prices where the margin is so wide that under their socialist system of state-produced goods, they can sell for any price that is politically helpful.

Neither high nor low tariffs will solve our economic problems. What we need is a reasoned grasp of our situation based not upon the idealism of Cordell Hull or the realism of Mark Hanna, but on what we specifically face in the year 1958 and in the immediate future.

#### Cause and Cure of Warts Has Long Fascinated Man

BY EDWIN P. JORDAN, M.D.  
Written for NEA Service

Thanks to many correspondents who have written me following the publication of previous columns on warts, I now have quite a collection in my file of strange cures and other interesting comments on this peculiar disorder of the skin.

I do not doubt that there are more strange notions about the cure and cause of warts than any other human disorder.

It is impossible to quote from all of the letters, but one man wrote that when he was 10 years old (he is 82 now) his left hand was a mass of warts. A schoolmate told him to steal a piece of red flannel and a piece of raw pork, to fold the pork in the flannel and bury it in the ground under a stone.

The writer said that he did as directed and, strange to say, in three days the warts disappeared and he has had no more for the next 72 years.

Another correspondent said that he had trouble with two warts on his face and a lot under his arms and back. He asked many people for a cure, but no one seemed to know. He has asked me to suggest a remedy. This is more unusual than the first letter, because it seems nearly everyone has a pet cure for warts—and are not bashful about passing it on.

The fact that warts disappear after so many different kinds of treatment—even including burial of an object—is particularly astonishing, because warts are almost certainly caused by viruses which are small living bodies too tiny to see under the ordinary microscope.

Why a condition caused by viruses should disappear following so many kinds of treatments (or none at all) is truly extraordinary.

Warts can be spread from one part of the body to another, but there is no basis for the old superstition that handling toads will cause warts.

Painting with certain dyes, several kinds of ointments, freezing with carbon dioxide snow and burning with diathermy needles have all been used with success.

One of the treatments consists of the use of injections containing a heavy metal called bismuth. Warts also disappear in most cases after X-ray treatment.

But the most astonishing treatment is by use of suggestion. How the mind can have an effect on a virus disease is a mystery. It has long been known that warts which may have been present for years can disappear suddenly and completely following suggestion.

This has been confirmed by scientific observers. Just how to go about this kind of treatment is not settled and some doctors remain skeptical. But it seems certain that it does happen.

Warts (except plantar warts on the feet) can hardly be considered serious, but they are troublesome and peculiarly interesting in their behavior.

Weed program can be attained only if the local communities throughout the state participate wholeheartedly. Individuals also can help by destroying weeds on their properties.

## Washington News

BY PETER EDSON  
NEA Washington Correspondent

WASHINGTON — (NEA) —

The Fair Labor Standards Act which gave the United States its present child labor law and provided for minimum wages and overtime to workers in interstate commerce is 20 years old this year. It's worth a backward glance.

For this Wage and Hour Law, as it's called, was bitterly contested before it was passed.

From today's viewpoint, the surprising thing is that it took 35 years to get the law on the books. In over-simplified summary, the record went like this:

**IN 1892 CONGRESS** established the eight-hour day for laborers and mechanics employed on public contract work. In 1907 the 16-hour day was made maximum for railroaders.

A 1914 law establishing the eight-hour day and the 48-hour week for women in the District of Columbia—to protect their health and morals—was declared unconstitutional in 1923.

But in 1916—to prevent a strike—Congress established the eight-hour day for the railroads.

The National Industrial Recovery Act of 1933 permitted minimum wages under the Blue Eagle codes. But in 1935 this law was declared unconstitutional.

Then in 1937 the U. S. Supreme Court upheld a Washington state minimum wage law for women. That paved the way for federal legislation on wages and hours.

President Roosevelt asked Congress for it in May, 1937. Sen. Hugo Black of Alabama, now on the Supreme Court, and former Rep. William P. Connelly of

Massachusetts introduced legislation. But it took over a year to get it passed.

**THERE WAS HEAVY** opposition. Some economists thought the law wouldn't work. They said that a minimum wage fixed by law would disemploy workers. Incidentally this same argument comes up every time the minimum wage is raised.

Even after passage, a huge public relations campaign had to be waged to educate and crusade for compliance.

The minimum wage was set at 25 cents an hour when the act first went into effect Oct. 24, 1938. After a year it was raised to 30 cents. Even these low minimums gave increases to 950,000 workers.

When the minimum wage went to 40 cents in 1945 it gave a raise to 1.7 million workers. Another 1.3 million benefited by the raise to 75 cents in 1950 and 21 million more by the raise to \$1 in 1956. This \$1 rate was a compromise between 90 cents and \$1.25.

Wage-Hour Division of Department of Labor now makes annual payroll inspections on about 6 per cent of the 900,000 employers with 24 million employees in non-exempt industries.

From October, 1938, to May, 1958, nearly four million employees have received back-pay adjustments totaling over 180 million dollars through enforced compliance.

Two provisions of the act not commonly associated with it restrict child labor and require overtime pay.

President Roosevelt asked Congress for it in May, 1937. Sen. Hugo Black of Alabama, now on the Supreme Court, and former Rep. William P. Connelly of

July 10, 1938—Harry Schenker, 33, of Brooklyn, and Mrs. Louise Clauseau Arndt, 29, of Sharon Springs, died at the Benedictine Hospital of injuries suffered in a two-car crash, in which four others were injured on Route 9-W near Staten Island Inn.

Mrs. Elizabeth Kortright, widow of Philebus Kortright, of Albany Avenue, died in New Paltz.

The public works department was due to buy equipment for use on WPA projects.

President Roosevelt asked Congress for it in May, 1937. Sen. Hugo Black of Alabama, now on the Supreme Court, and former Rep. William P. Connelly of

July 10, 1948—Maj. Gen. Robert Hasbrouck and Maj. Gen. Frederick L. Anderson, former local residents, and both retired, were named on the military advisory committee of the Hoover Commission.

A rabies quarantine was imposed on the county after discovery of a rabid fox in the Town of Wawarsing.

Civil service eligibility lists were announced for appointment of policemen in Saugerties and Ellenville.

Traffic and zoning were discussed at a Woodstock forum.

## Admiral Wright To Check Why 30 Servicemen Held

GUANTANAMO, Cuba (AP) — Adm. Jerauld Wright, commander of the U.S. Atlantic Fleet, was due here today to inquire into the delay in the release by Cuban rebels of 30 kidnaped American servicemen.

Fidel Castro's men freed the last two captive American civilians Wednesday, leaving only the sailors and Marines plus one Canadian civilian in the rebels' jungle camps.

The Navy obviously is growing impatient at the delay in getting its men back. Nineteen civilians have been released so far but no servicemen.

Released Wednesday were Albert M. Ross, 51, Houston, Tex., and James D. Best, 32, New Orleans and St. Matthews, Ky. Both were in excellent health.

### Warns Yugoslavia Of Past Executions

BERLIN (AP) — East Germany's Stalinist boss Walter Ulbricht today warned Yugoslav leaders they may suffer the fate of the executed leaders of the Hungarian revolt if they persist in independent communism.

Opening the East German Party Congress in the presence of Soviet Premier Khrushchev, the East German party chief angrily Kremlins name for independent communism — in Yugoslavia as "an open attack on the Socialist bloc."

Hungary's puppet party chief Janos Kadar sat listening as Ulbricht made his reference to the execution of former Premier Imre Nagy and Defense Minister Pal Malter.

### Just Needed \$47

DETROIT (AP) — Service station operator James Hill said a man carrying a .22 rifle walked into his station Wednesday night and "told me to put the money on the counter, so I put out \$160."

Hill said the gunman told him "I only want \$47. Count it out." Hill counted out \$47 and gave it to the man who said, as he left, "I only need \$47 and that's all I'm taking. I hope you understand I need it desperately."

### Gifts for Cotter 9

BERLIN (AP) — The American Red Cross Wednesday turned over to the East German Red Cross 17 more letters and 8 parcels for delivery to the nine U.S.

Army prisoners held in Dresden. The men have been held since their helicopter got lost in a thunderstorm June 6 and ran out of gas over East Germany. The East German Communist regime has refused to hand over the men.

**Hurley Old Stone House Day Will Be Held Saturday**

On Saturday beginning at 11 a. m. in the town of Hurley, the owners of 11 old stone houses will open their doors to the public. A tour will start from the Dutch Reformed Church which has recently been completely redone.

Leaving the parsonage one may visit the Old Guard House which is known as a house with charm according to people who have seen it.

Having heard the name "secret room" people next visit the Jan Van Deusen House dated 1723, the house where for one month the Council of Safety met after the burning of Kingston and which was used as a capitol of New York State.

Bearing to the left on Route 209 is the Abram Elmendorf House, the last one of the stone houses to have been built in Hurley. Standing on the side lawn can be seen an old Brewster Victoria carriage, vintage of 1880, in excellent condition, having the original upholstery and carpeting and coach lights.

Continuing on the Lane and passing the Hurley School is the lovely Gerardus Hardenburgh House which was the birthplace of Sojourner Truth.

Next stop is the beautiful Dr. Richard Ten Eyck home across the street from the parsonage, and is known to have been used as an underground stop for slaves escaping to Canada in Civil War days.

A bus will leave from the church every half hour to take the visitors to the Houghtaling House on Route 209 where a little old well stands in the front yard.

**Brinck Home**

From the Houghtaling House the bus will take visitors across the Esopus Creek to the Brinck home which stands on the grant of land leased by the Dutch in 1661.

The last house on the tour is the DeWitt House on the old Mountain Road. This house has

been lived in by five generations of DeWitts.

The ladies acting as hostesses for the owners of these authentic colonial homes will be dressed in Dutch costumes and lace caps.

A cafeteria will be held in the church dining hall starting at 12:30 p. m. and continuing throughout the day.

Acting as chairman of the cafeteria is Mrs. Harry Gersbach assisted by Mrs. Vernon Goethius as dining room hostess.

The Ladies' Aid of the Dutch

Reformed Church is sponsor of Old Stone House Day with Mrs. Edmund Bower as chairman, Mrs. Frank Race, publicity

**Second U2 Crashes****At Tucumcari, N. M.**

TUCUMCARI, N.M. (AP) — A highly classified Strategic Air Command reconnaissance plane split in from miles high late Wednesday and scattered wreckage over a two-mile area.

It was the second crash of a Lockheed U2 in the area in 24 hours, and the military immediately cordoned off roads leading to the crash site.

The plane was part of the 408th Strategic Reconnaissance Wing based at Laughlin Air Force Base, Del Rio, Tex.

State police officers, first on the scene, said they found no sign of life. The plane carries only a pilot.

The U2 cruises at 55,000 feet checking weather conditions and fallout from radioactive explosions, the Air Force said.

**Navy Band Looks For Sponsor in Kingston Area**

The United States Navy Band will appear in Kingston next spring, if a sponsor can be found.

This was announced today by the local Navy recruiting station, which said it can appear for a charitable, civic or school organization.

One stipulation is that expenses must be borne by the sponsors, because the band is not sent out by the government on a free basis.

Money derived through ticket sales pays for the appearance of the band, but the surplus after expenses may be used by the sponsoring organization.

Anyone interested may get information by phoning the Navy recruiting station in the central post office.

**B. J. Donovan Is Dead, Well Known Builder of Boats**

Bernard J. Donovan, a retired boat builder in his late 70s, died this morning at 106 West Chestnut Street after a long illness.

Prior to and during World War I, Mr. Donovan had a shipyard on East Strand, below the former Ulster & Delaware Railroad shops.

He became a builder of river and canal barges with his father, the late Dennis J. Donovan, and followed the business until his retirement some years ago.

Mr. Donovan did business with some of largest users of barges, who regarded him as one of the most reputable builders of his day.

Surviving are three sisters, Mrs. Edward Abernethy, Mrs. Thomas J. Connally and Mrs. Joseph P. Zeeh, all of Kingston, also several nieces and nephews. His wife, the former Anna Deegan, died in 1933. Mr. Donovan's mother was Catherine Roach before her marriage.

Mr. Donovan was a lifelong member of St. Mary's Church and prior to his retirement had been an active member of St. Mary's Holy Name Society.

Funeral will be held Monday at 9:30 a.m. from the Jenson & Deegan Funeral Home, 15 Downs Street, and at St. Mary's Church where a solemn Mass of requiem will be offered for the repose of his soul. Burial will be in St. Mary's Cemetery. Friends may call at the funeral home Thursday and Friday from 2 to 5 and 7 to 9 p.m.

## Bares Lynching

were turned over to Soviet authorities.

Col. Brannon added that the "over-all treatment by local authorities was considerate."

The plane, a C118 attached to this big American air base in West Germany, was on a routine flight carrying cargo assigned to U.S. diplomatic and military missions in Iran and Pakistan.

It strayed over Soviet Armenia in bad weather and was attacked by MiG fighters.

The nine haggard crewmen were released to an American representative on the Iranian frontier last Monday.

They were flown back to Wiesbaden, headquarters of the U.S. Air Force in Europe, for medical observation and consultations with Air Force officials before appearing before the press today.

"It was at this time that the Soviet military police arrived and took him into custody."

Brannon denied that the flight over Armenia was an intentional violation of Soviet territory. In order to avoid a turbulent thunderstorm, the plane steered slightly north off course, he said.

The crew did not realize it was over Soviet territory until they noticed two jet fighter aircraft approaching and criss-crossing around them, he added.

Col. Brannon's story continued:

Not knowing they were over Soviet territory, the airmen assumed the fighters were either Turkish or Iranian.

"One of the aircraft fired a short burst off the wing of our aircraft. At that time we recognized the aircraft to be MiGs, with Soviet markings."

The plane commander lowered the landing gear to indicate that it was on an "unprovocative flight." Even so, the MiG fighters fired upon the American plane with the apparent intention to shoot it down.

The American transport was hit on the wing tanks just behind the left, No. 2, engine and fire broke out immediately. Orders were given to abandon the plane. But because of the severe flames and heat, only five of the crewmen were able to bail out.

As the plane was landing in flames, the Soviet fighters made another firing pass. The airstrip on which the C118 landed was under construction and had only 2,000 feet of useable runway.

The pilot, Maj. Luther W. Lyles of Savoy, Tex., was able to stop the plane shortly after running off the end of the strip. Because of the danger of explosion, the crew members abandoned the burning plane as soon as it stopped.

While the men were being questioned by Soviet authorities: "We were not subjected to physical mistreatment. We were given adequate medical care. We were interrogated by personnel who spoke good English and who appeared friendly."

## Hoffman Wins

He would supposedly represent former District 3 (Flatbush, Glenorie, Mt. Marion, High Woods and Daisy).

When centralization was established in the district, there was a "gentleman's agreement" that candidates for vacancies be drawn from the districts they represent. This arrangement was upset for the first time with the election of Hoffman.

Hoffman was also involved in another controversy at the annual meeting of the school district Tuesday night when he challenged the top row positions on the ballot of Riccardi, Owens and Smith, purportedly the advisory committee's slate.

He questioned the right of the board to designate the places on the ballot without the approval of a special meeting of the tax-payers of the centralized district.

Hoffman contended that when more than one candidate has declared for a vacancy, positions on the ballot should be determined by lot. His motion at the annual meeting was defeated.

The \$1,320,806 school budget for the coming year was approved unanimously at the Tuesday night meeting and the basic tax rate was set at \$64.50.

**SURVIVES AMAZING ACCIDENT**—The pattern of deeply indented tire marks on her face is the only apparent consequence of an amazing experience for 2½-year-old Ronna Faith Castiel. The youngster was playing in the driveway of her La Puente, Calif., home when the brake slipped on a parked car and vehicle ran over her. She was rushed to hospital by her father and doctors could find no broken bones, no injuries of any kind—except the tire pattern. (AP Wirephoto)

## Quake Lashes Alaska, Tidal Wave Alert Off

JUNEAU, Alaska (AP) — A major earthquake struck a wide area of southeastern Alaska Wednesday night. Several fishing boats were reported in trouble in Lituya Bay on the Gulf of Alaska.

The Coast Guard dispatched two rescue boats to Lituya Bay about 50 miles northwest of Cape Spencer.

A Coast Guard official said one reported recovering a capsized cabin cruiser carrying four persons.

Dean Goodwin, a Juneau bush pilot, said he received a radio report that several persons had been injured but he said the report was garbled and he could not say where or how the injuries occurred.

Goodwin's radio message came from Goodmund Winther, captain of the troller L.C.D., who asked that the injured be picked up at Pelican, about 85 miles west of here.

The Coast Guard asked Goodwin not to fly there because of unfavorable weather conditions.

Goodwin also said that Winther told him of a tidal wave in Lituya Bay after the quake.

Dr. Don Tocher, seismologist at the University of California at Berkeley, said the quake was a major one and had its center in the Gulf of Alaska.

Dr. Charles Richter of the California Institute of Technology Seismological Laboratory at Pasadena said that had the quake occurred in a populated area it would have been a disaster.

The first severe jolt was recorded at Sitka, 100 miles southwest of here, at 10:17:18 p.m. Two sharp aftershocks followed minutes later.

The U.S. Coast and Geodetic Survey in Honolulu called off an alert early today after an expected tidal wave failed to reach the Hawaiian Islands.

A "red alert" was called when reports received here that a strong earthquake in the Gulf of Alaska had generated a massive sea wave.

### Many New Gadgets Displayed for Homes

ATLANTIC CITY, N. J. (AP) — A mass of new gadgets will be available this fall to help—or mystify—Mrs. Housewife.

Such items as magnetic knife holders, ball-bearing rolling pins and a mixer using the same type friction motor found in children's toys are on display at the 29th exhibit of the National Housewares Manufacturers Assn.

The five-day display ends Friday.

Among the new items is a Christmas line of pyrex dishes featuring a combination 12-cup carafe and casserole with a heating tray. It is produced by the Corning Glass Works at Corning, N. Y.

## Rescued Man Too Keyed Up to Sleep

ALAMOSA, Colo. (AP) — The terrible ordeal was over, but husky John L. Sanders shook his head at doctors.

Sleep, he said, was the last thing he wanted. He was too keyed up.

Sanders, 35, had been rescued a few hours earlier Wednesday from the tiny ledge on a canyon wall where he had spent five days and nights. During the first 48 hours, he slept not at all for fear he would fall 300 feet as his friend and fishing partner had done last Friday.

William E. Garver, 38, auditor for the University of New Mexico, died in the plunge down the face of Conejos Canyon northwest of here. His body was recovered Tuesday.

Garver's radio message came from Goodmund Winther, captain of the troller L.C.D., who asked that the injured be picked up at Pelican, about 85 miles west of here.

The Coast Guard asked Goodwin not to fly there because of unfavorable weather conditions.

Goodwin also said that Winther told him of a tidal wave in Lituya Bay after the quake.

A "red alert" was called when reports received here that a strong earthquake in the Gulf of Alaska had generated a massive sea wave.

The brunnette mother said her husband related that he and Garver fell from the canyon lip about 6:30 p.m. Friday while returning from a fishing trip in the primitive mountain country near the Colorado-New Mexico border.

"He said they both fell and rolled about 300 feet and landed against some gnarled trees. John said he saw Bill about 30 yards away and yelled to him 'Don't move. Hold on to the tree.' But Bill apparently tried to get a better footing and fell again."

Did Not Make Sound

"He must have known when he fell that it was over," Mrs. Sanders quoted her husband, "because he didn't make a sound."

To attract the attention of any searchers who might have approached from above, the New Mexico businessman fashioned a crude kite from his undershirt and string from a sleeping bag he had with him. He threw the kite into the air time after time.

It was his cries for help that first attracted the attention of a search party Monday, however.

Sanders had no food with him. He collected some rain water Sunday night in a portion of the sleeping bag.

## Mayor Checks On Notice About Budget

Mayor Edwin F. Radel today was investigating to determine if the education board had held a public hearing or had given notice of hearing on the school budget before its adoption. If they have not, the mayor

said, he will issue notice to the effect that the board has violated regulations. The board is required to publish notice of public hearing on the budget at least 20 days in advance of action on the budget.

The budget was adopted at a special meeting Monday.

Former prime minister Louis St. Laurent of Canada, who has returned to private law practice, says he would not again accept public office. It had been reported that he might succeed Governor-General Vincent Massey.

### PSC Orders Walden Phones To Improve

ALBANY, N. Y. (AP)—The Public Service Commission today ordered a small telephone company in southeastern New York to stop pinching pennies and start improving service.

The commission said that one of the reasons the Walden Telephone Co. was able to pay a \$5 dividend on its common stock was that it had been holding down expenses and offering poor service. It ordered the company to undertake an 18-point program to give better service to its 5,500 subscribers, in Orange and Ulster counties.

A PSG examiner, describing current service as "unsatisfactory and inadequate," reported the company averaged 4½ times as many complaints as other telephone companies in the state.

At a recent public hearing on the matter, witnesses testified that calls were interrupted as many as seven times and that the Wallkill prison was without service for two hours during an escape in 1954 because of a breakdown.

The commission said field surveys by PSG engineers showed "serious inadequacies in the company's operating plant and practices."

Among them, the PSC said, was improper cable connections, wires in contact with trees, and overloading of equipment that resulted in serious delays in handling both local and long-distance calls.

The commission directed the company to report by Aug. 15 on its plan for carrying out the improvement program and to make quarterly progress reports beginning Oct. 10.

### Long Island Man Cleared of Going Past Traffic Light

John A. DiMaria, of Williston Park, L. I., was cleared of a charge of passing a red light after a city court trial today.

Former City Judge Raymond J. Mino appeared for the defendant before City Judge Aaron E. Klein. DiMaria was arrested July 4 by Officer George Dougherty.

A stop-sign charge against John P. Murtough, 19, of New Paltz, who was arrested after an accident at O'Neil Street and South Manor Avenue July 4, was dismissed.

Thor H. Knudsen, Route 3, Box 341-A, Saugerties, who was due in night court Tuesday, on a charge of passing a red light, failed to appear and was issued notice. His case was set down for July 15. He was also arrested July 4.

PHOENICIA — The Sunday school and vacation school members will have a picnic Saturday, July 19, leaving the church at 10:30 a.m.

Sunday 8 p.m. the children of the vacation Bible school will be hosts to their parents and are planning a program for the occasion.

## Deficit Spending May Prove Economy Tonic

By FRANK CORMIER  
Associated Press News Analyst

WASHINGTON (AP) — The recession-hit economy will get a bigger boost from Uncle Sam in the next 12 months than the federal budget indicates.

The budget, according to expert estimates, will be 10 to 12 billion dollars in the red for the 1959 fiscal year that began July 1.

### Could Add Zip

That much deficit spending — spending of borrowed money, in effect — can add a good bit of zip to the business outlook. But that's only part of the deficit story.

Uncle Sam keeps still another set of books, and government experts are now guessing that these will show a deficit one to two billion dollars bigger than that in the regular budget.

Economists say cash flow is a good measure of the impact of federal financial operations on the income of the public as a whole.

For example, if the cash figures show a 12-billion-dollar deficit in the current fiscal year, the government in effect will be adding roughly this amount to the public income.

### Potent Prop

A fiscal transfusion on that scale would prove a potent prop under the economy. And if the recession has already touched bottom, as some economists believe, it could give business a big push upward.

It's also significant that the effect of the deficit will be greater in the first half of the fiscal year, through Dec. 31, than in the second half. This is so because gov-

ernment revenues are scanty in the July-December period. Corporation tax payments are heaviest in the second half of the fiscal year.

The cash flow figures ordinarily show a smaller deficit than the budget statistics. For fiscal 1958, for example, some government economists estimate the cash deficit will be about a billion dollars less than the budget deficit.

The cash accounts include Social Security and highway trust funds and some other items that aren't part of the regular budget.

### Opportune Time

These special funds have shown a surplus in recent years. In fiscal 1959, however, more money will be paid out of these accounts than will be taken in.

That's why the cash figures this year will add to the economic impact of the budget deficit, instead of blunting its effect.

A lot of Americans who normally don't like red ink spending by the government may say it could have happened at a better time — particularly if they are among the 5½ million unemployed.

### Vegetable Cookery

Deep skillets with dome-type covers make perfect vegetable cookers. Because the covers fit tightly, they help retain moisture during the cooking, and only a small amount of water need be used.

Broccoli and asparagus stalks may be laid flat in such a skillet, and if their fibrous outer covering has been pared off, tops and bottoms of the vegetables will cook in the same time.

One look showed that it was beyond repair so the next time he went to town he took along Mrs. Brown to help him look for another clock.

They saw so many different types of clocks at the department store that they couldn't decide which to take. Mr. Brown liked the cuckoo clock very much. It tickled him to see the little wooden bird pop its head out to announce the hour. But Mrs. Brown didn't seem at all enthusiastic about it.

"I reckon it's a nice enough clock," she admitted, "but what in heaven's name are we going to feed the bird?"

A young man was showing his grandfather through an exhibit of modern art. Despite the grandson's enthusiastic explanation, the older man seemed unimpressed. At the end of their tour, the young man said:

Young man—Well, granddad, what did you think of it?

Grandpa—Shucks, sonny, your grandma could knit better pictures than those.

Bad will be the day for each of us when we become content with the life we are living.

At a local railway siding a man asked the foreman if there was a vacancy.

Foreman—What can you do?

Man—Anything.

Foreman—All right, take this oil can and oil the points and crossing up the line.

After an absence of three days the foreman received a telegram which read: "Arrived at Utica. Please forward more oil."

**A BIRD:** When safety authorities wanted to compare the heedless pedestrian to something, they called him a jaywalker in allusion to the jay bird who usually runs after things diagonally. Jaywalkers are people who cut diagonally across the street.

**M.D.'s in Hi-Fi:** Three mid-western doctors who describe themselves as "frustrated musicians" have become the first producers of stereophonic tapes in that area. Their company, Stereophony Inc., was originally formed to turn out

just one tape, a ragtime medley played on a souped-up piano. They now have fourteen tapes on the market.

Come to think of it, "stereo-phony" does sound like some kind of a surgical operation, doesn't it?

Teacher—Who was the smartest inventor of all times and why?

Student—Edison. He invented the phonograph and radio so people would stay up all night using his electric light bulbs.

A man in love will take his chances; woman, in her anxiety, throws away hers.

### World Famous Soloists Due At Maverick Sunday Concert

Three world-famous soloists, on three different instruments, and an equally famous composer-pianist, promise an unusually exciting concert next Sunday at 4 p. m. at Maverick Hall in Woodstock, the third in the Maverick Sunday Afternoon Chamber Music Series.

Mildred Dilling, recognized as the world's leading woman solo harpist, a resident of Woodstock (when not traveling throughout the world), has just completed her latest concert tour of more than 50 appearances in Europe and North America. Her annual recitals have been exciting events in every corner of the world for many years. She has appeared in radio, television and in films, and has given seven invitation concerts at the White House. She has to date played in more than 800 community concerts throughout the United States.

Julius Baker, renowned flutist, now soloist with the Bach Aria Group, former solo flutist with the Chicago Symphony Orchestra under the baton of Dr. Fritz Reiner. He has made many recordings with Lily Pons and with other artists and groups. In Berlin last fall for special work, he performed Virgil Thompson's "Concerto for Flute and Orchestra."

Alexander Kouguell noted violinist and teacher, was born in Lebanon, son of the famous composer Arkadi Kouguell, who will also appear at the concert. The latter was the recipient in 1956 of the North California Harp Association's annual award for his composition, "Poems for Harp & Violoncello." This selection will be performed at the concert Sunday by the composer's son and Miss Dilling.

The guest artists will present both solo numbers and selections in duo and trio. Mr. Arkadi Kouguell will assist at the piano in several numbers. Among the other works on the program are selections from Bach, Haendel LeClair Tartini, Debussy; and the premiere performance of "Sonatina for Flute & Harp," by Alexander Semmer of Woodstock.

The following week's concert, on July 20, will present the Kraeuter Duo—Karl Kraeuter, violin, and Phyllis Kraeuter, cello. They will be assisted by Joseph Wolman, pianist.

#### Problems of Anxiety Rev. Wilder's Topic

The Rev. Garnett M. Wilder will preach a sermon dealing with the problems of anxiety in our lives with some answers

from the Christian Faith on Sunday, July 13, in all the churches of the Woodstock Parish Youth Center on Friday at 7 p. m.

#### Christ's Blessing At Christ Scientist

To gain the blessing promised by Jesus Christ man must be willing to follow his daily life. This is the theme to be stressed in the Lesson-Sermon entitled "Sacrament" which will be heard at Christian Science services in Woodstock Sunday.

From Galatians will be read the Golden Text (3:26,27): "Ye are all the children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ."

The Lesson-Sermon also includes this quotation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (25:26-31): "Implicit faith in the Teacher and all the emotional love we can bestow on him, will never alone make us imitators of him. We must go and do likewise, else we are not improving the great blessings which our Master worked and suffered to bestow upon us."

#### AP Newsfeatures Visits Woodstock

Two members of the Associated Press Newsfeature bureau have spent several days in Woodstock gathering material for a general feature on our town.

The visiting AP delegation included Jack Capone, chief of the AP Newsfeatures, and reporter Hugh Mulligan. They visited with a cross-section of the town and their article will include items about the Library Fair, the art galleries, Guild shop, music, theatre, country club, Christmas party, etc.

Woodstock has been the subject of feature writers in the past, but none seems to have captured the spirit of Woodstock from the viewpoint of the permanent resident, the summer visitors, the part-time residents and the Bohemians. It is an all encompassing assignment that has defied the efforts of crack writers. It will be interesting to see in what light Messrs. Capone and Mulligan view our town.

It is interesting to note that Mulligan's parents, Mr. and Mrs. John Mulligan, reside on Jane Street in Saugerties.

**Parnassus '58**

In New Series

At Phoenicia

The schedule of exhibitions of the works of the distinctive group of artists known as Parnassus '58 opened at the Phoenicia Playhouse with two additional artists added to the roster of members. The new members are Bart Perry and Sal Siuro.

The regular membership of the group consists of Gwen Davies, Agnes Hart, Philip Held, Ann Helioff, Herbert Lent, Ethel Leventhal, Eleanor Lockspeiser, Ben Meyers, Florence Weinstein, and Ralph Wickiser. All the art-

ists are residents of Woodstock. Sal Sirugo is an award winner of the Emily Lowe Foundation, the Woodstock Foundation, and scholarship for ceramic sculpture at the Brooklyn Museum Art School. He has exhibited his works, largely oil, in many places, including New York at the Argent Gallery, Ward Eggleston Gallery, Peridot Gallery, Whitney Museum, Grace Borgenicht Gallery and Art; USA; 58. He is well known for his works in Woodstock.

The major show of the group will open for a month starting August 2 at Parnassus Square in Woodstock. It will not exhibit at the square before that date.

#### Set Fire Class This Evening

Deputy Fire Chief Harold A. Sanford of Kingston will conduct a fire class at the Woodstock fire house this evening at 7 p. m. Those taking the training course are urged to attend.

It was reported at this week's monthly meeting of Woodstock Fire Company No. 1 that there were only four alarms, including the forest fire on Ohayo Mountain, during the month of June.

It was voted to have a picnic for the members and their families on Sunday, Aug. 17, at Asbury Park.

Other action included a discussion about improving the system of receiving alarms and, until the committee working on details makes its recommendations, it is suggested that people sending in alarms observe the following:

No. 1, telephone OR 9-2012; no answer, dial OR 9-9479; no answer, dial OR 9-2113; no answer, dial Operator. No. 2, don't get excited, speak slowly and plainly; No. 3, give name of the property, if formerly under another name, give that also. State the road or street nearest intersection and also name of next door neighbor. No. 4. State whether it is a building or brush fire.

The Rev. Garnett M. Wilder, pastor of the Woodstock Methodist parish churches, was elected a member of the company.

After the business meeting, the members heard an interesting, illustrated talk by a representative of the American Fire Apparatus Co.

#### Guest Preacher Due At Christ Lutheran

Dr. Henry J. Arnold will be the guest speaker at the worship service at 11 a. m. at Christ Lutheran Church on Sunday, July 13. Sunday school is scheduled at 9:45 a. m.

The Youth choir will meet at 7 p. m. and the senior choir at 7 p. m. on Thursday, July 10.

All members of the church are asked to support the food sale which will be held Saturday, July 12, at 10 a. m. The Young Women's Guild will meet at the home of Mrs. Erwin Holzum on Monday, July 14.

The Luther League enjoyed their hot dog roast at the home of Miss Julie Holzum despite the rainfall Monday evening.

**Ike Loses Round  
On Trade Bill**

WASHINGTON (AP) — Senate foes of President Eisenhower's reciprocal trade bill prepared today to offer new amendments in the Finance Committee after winning major victories in the first day.

The advocates of greater protection for domestic industry succeeded Wednesday in cutting the extension of the trade law down to three years instead of the five per cent by the President.

They also wrote into the measure two other amendments heavily opposed by the administration.

All of the votes were tentative but there appeared to be no chance administration supporters

could reverse them in the committee.

Chairman Harry F. Byrd (D-Va.) said he believed his group could complete its action on the measure today.

The initial committee vote for the three-year extension was 7-5 with three abstentions. All three said later they also favor a three-year limit.

The same amendment would reduce the President's new tariff-cutting authority to 15 per cent instead of the 25 per cent he asked and was granted by the House.

Another amendment would limit the cut in any one year to 5 per cent.

The third change adopted would include additional industries under a provision which requires the President to take action against imports which threaten an industry deemed essential to national security.

**Along Capitol Corridors**

BY CHARLES DUMAS  
ALBANY, N. Y. (AP)—With a couple of breaks, Paul W. Williams might have started as a favorite instead of a dark-horse candidate for the Republican nomination for governor.

The newest entry in the GOP field comes fresh from his job as U. S. attorney in Manhattan, an assignment he took two years ago with the hope it would lead him to the Executive Mansion in Albany.

**Dewey Good Example**

Many a crime-buster before him had scaled political heights.

A classic example is former Gov. Thomas E. Dewey, who got his start as a special prosecutor in Manhattan. Even today, Democrats are considering Manhattan's Dist. Atty. Frank Hogan for the U. S. Senate nomination.

Williams had another factor working for him—a reputation of being a protege-of-sorts of Dewey, who still wields enormous influence in the New York GOP.

Dewey had appointed him special prosecutor in the Saratoga and Columbia county crime investigations. He later boosted Williams to the State Supreme Court. Undoubtedly, Dewey helped him get the appointment as U. S. attorney.

**Two Got Away**

Williams won a reputation as a vigorous and active prosecutor. But the two biggest fish he tried to land escaped his net—labor racketeer Johnny Dio and Jimmy Hoffa, president of the Teamsters Union.

Last year, Williams had Dio indicted for the acid blinding of newspaper columnist Victor Riesel and vowed to send him to jail. But the case collapsed when witnesses refused to testify. Instead, Hogan's office nailed Dio on an extortion charge.

Hoffa was indicted on a charge of conspiring to tap telephone wires. Despite Williams' strongest efforts, Hoffa was acquitted.

These were said developments for Williams admirers, who would have liked nothing better than a couple of headline-making convictions to launch their man's gubernatorial sortie.

Most important, there was the possibility that, if Williams had made a bigger splash, he might have won an endorsement from friend Dewey. This would make any contender the man to beat.

Dewey has not endorsed any candidate and many people think he may not. The former governor is a crafty enough politician to be sure, if he can, that he is with the winner.

Williams said he had discussed his candidacy with Dewey. But so did other candidates.

As the situation stands, Williams must assume fourth place, at least for the time being, behind the front-running "Big Three," Nelson A. Rockefeller, Leonard W. Hall and State Sen. Walter J. Mahon.

All have long leads over Williams in potential delegate strength for next month's GOP state convention.

Still, Williams and his admirers are not discouraged.

**Genovese Parting Shot**

Just before he declared his candidacy, he announced a crackdown on the underworld and the arrest of Vito Genovese, a reputed Mafia chieftain.

While he was U. S. attorney, he was barred by the Heath Act from engaging in political activity. Now that he has resigned, the sky's the limit.

"I haven't had a chance yet to show what I can do," Williams said.

Because he is trailing the field, Williams' entry has prompted speculation that he is really after another spot on the state ticket—that he has declared his candidacy for bargaining purposes.

There has been some talk that Atty. Gen. Louis J. Lefkowitz might be shifted to the lieutenant governor's slot. Would Williams be driving the family car home, his father supervising the driving?

Mr. and Mrs. Peter Stanford of Paterson, N. J., were Sunday guests of Mr. and Mrs. Edward Devoe.

Mr. and Mrs. Edward Devoe visited Philip Myers, who is ill at the Kingston Hospital.

Philip Myers is a patient at Kingston Hospital.

Mr. and Mrs. Ray Howe of Utica and son, Steven, and Mr. and Mrs. Dennis Decker and daughter, Lori Jean, were holiday guests of their parents, Mr. and Mrs. Charles Freer.

Miss Ann Casey of Boston is spending this week with Mrs. George Demarest.

Mr. and Mrs. Jack Collins of Briar Cliff Manor were weekend guests of Andrew Simpson.

Mrs. Richard Bullock and son, Harry, of Ellenville visited Mr. and Mrs. Fred Simpson.

Mr. and Mrs. Earl Hamilton are on vacation in Arizona with son and family.

Mr. and Mrs. Nathan Milstone and daughter and son-in-law, Mr. and Mrs. A. Tennabaum, and their son spent the weekend at their summer home here.

Mr. and Mrs. Peter Stanford of Paterson, N. J., were Sunday guests of Mr. and Mrs. Edward Devoe.

Mr. and Mrs. Edward Devoe visited Philip Myers, who is ill at the Kingston Hospital.

**Top Spot Only**

Well, then, how about running for lieutenant governor?

This time his answer seemed less forthright: "I'm interested in running for governor."

He was even more evasive when asked whether he might want to run for the U. S. Senate. Said

Hoffa: "I have no thought of accepting the nomination for U. S. senator at this time. I am only out for the governorship—I don't know what may happen later."

These were said developments for Williams admirers, who would have liked nothing better than a couple of headline-making convictions to launch their man's gubernatorial sortie.

Most important, there was the possibility that, if Williams had made a bigger splash, he might have won an endorsement from friend Dewey. This would make any contender the man to beat.

## Leaves From Boyle's Notebook

By HAL BOYLE

NEW YORK (AP) — America has scored an unexpected culinary triumph at the Brussels International Exposition with — of all things—frozen custard.

"The Europeans have gone crazy over it," said David Berge, executive vice president of the Brass Rail restaurant chain.

"Last Sunday they bought 7,800 cones."

## Headaches at Start

As supervisor of dining facilities in the American pavilion at the fair, Berge met nothing but headaches at the start.

"It seemed for a while like we had almost as many critics as customers," he remarked.

Berge found himself in the soup —literally—when he put Manhat-

tan clam chowder on the menu. An indignant chorus from Connecticut to Maine immediately demanded equal billing for New England clam chowder.

Typical was an editorial comment by the famous "Vineyard Gazette" of Martha's Vineyard, Mass.: "It may be sometime demonstrated that Manhattan clam chowder is the main cause of juvenile delinquency. When the relaxation of old standards and principles begins, anything can happen."

## Bows to Pride

Berge, a man who likes to keep everybody happy, bowed this week to regional pride.

"Starting this week we're putting both chowders on the menu."

But Berge sturdily has fought back at native critics who thought his emphasis on such items as hamburgers and hot dogs were beneath the dignity of a mighty nation.

"We asked people who'd been abroad what things they missed most while away from home," he said. "They mentioned things like clam chowder, cheesecake, hamburgers, hot dogs, roast beef, corned beef, apple pie, American coffee, malted milks and ice cream sundaes."

Some critics sniffed at the quick lunch atmosphere of the American restaurant.

"But that's just what the mass of people at an exposition want," said Berge. "Most of them can't

At the American restaurant they can get a lunch consisting of a hamburger, apple pie and coffee for \$1. Dinner costs \$2 or less.

The U.S. restaurant is serving approximately 20,000 persons a day, said Berge.

"The French and Italians go

most for frozen custard. The size of the double-dip 20-cent cones seems to fascinate them.

"The West Germans like our American coffee and cheesecake. The English, Scots and Irish find our barbecued chicken an adventure.

"Every nationality likes to try the hamburgers and hot dogs."

As a final rebuttal to his early critics, Berge rubbed his chubby hands together, and observed cheerfully: "You know, the chefs

from the Hungarian pavilion and the guards at the Russian pavilion now eat in our restaurant whenever they can."

## Says Action Is Urgent to Deny Reds Passports

WASHINGTON (AP) — Sen. Roman L. Hruska (R-Neb) called today for quick action by Congress to empower the secretary of state to deny passports to Communists. "It's an urgent situation," he said.

Hruska told a reporter that testimony of Robert D. Johnson, chief of the legal division of the State pointed up a need for legislation such as President Eisenhower has recommended.

## Pending at Time

At a Senate internal security subcommittee Wednesday, Johnson said that passports already have been issued to about 65 persons who would have been processed under "our Communist regulations" had it not been for recent Supreme Court rulings.

Their applications were pending at the time, he said.

The court, in three cases decided June 16 held that the secretary of state has no legal authority to deny passports to Communists or others because of their associations or beliefs.

Johnson said that since the court's ruling, about 70 passport applications have been received from persons "we'd normally process under our Communist regulations."

He said passports also will have to be issued to these applicants. Johnson also told Hruska and other subcommittee members that passports now have been issued to singer Paul Robeson and others who had been denied them and who had appealed to the courts pending at the time of the Supreme Court's decision.

He said the ruling had invalidated department regulations issued in 1952. These authorized the secretary to deny passports to persons he found to be under Communist discipline or to be going abroad to advance the Communist movement.

## Can't Deny Them Now

In answer to questions, Johnson said that the State Department could not now deny passports even to persons it knew to be espionage agents, so long as they were American citizens and had not been convicted of espionage.

Earlier this week Eisenhower sent a message to Congress urging enactment of legislation to permit denial of passports to persons whose activities have aided communism in the 10 years prior to their application.

## Separate Order No Assurance of Adequate Milk

HARTFORD, Conn. (AP) — A separate milk-marketing order for Connecticut will not assure consumers in the state an adequate supply of milk, an economist for a big New York Dairy Cooperative contends.

Dr. Dorris D. Brown of the Mutual Federation of Independent Cooperatives said Connecticut consumers' interests would best be served by including the state in the federal order that now applies to New York and northern New Jersey.

Brown testified Wednesday at a federal hearing to consider proposals for regulating Connecticut's milk supply.

Dairymen in the state want Connecticut under a separate order.

New York cooperatives favor extending the present order to Connecticut.

Under a separate order, Brown contended, it would be necessary to bring milk from other marketing areas into the state, to supplement the small Connecticut production. In the event of a shortage, Brown said, these areas would supply their own needs first, at the expense of Connecticut.

## Community Block Party Proceeds For Teen Activity

The entire proceeds of the community family block party and dance at Cantine Memorial Field Saturday night will be used to provide activities for Saugerties teenagers.

The dance will start at 8:30 and will be held on the tennis courts at the field.

Part of the proceeds will be used by the Saugerties Youth Council to purchase games and equipment for the open house canteens conducted by the council throughout the year.

The dance originally scheduled for the July 4 weekend was postponed due to rain last Saturday and rescheduled for this Sunday.

It was reported that bricks will be supplied by Staples Brick Co., Malden, who offered enough for the completion of both stations. West Camp fire station has been completed.

Coin collection cards will be picked up by firemen in the Malden area this week. Collections are nearly completed in West Camp, Luther Erickson announced at the meeting. Residents of the fire district were cautioned not to give the coin cards to any one except a firefighter of the company.

## Vols Hear Report Of Blinker Light At Malden Corner

Action motivated by Malden-West Camp Fire Company for the installation of a blinker light traffic signal at Malden Four Corners was reported at the volunteers' meeting Tuesday night at West Camp fire station.

It was reported at the meeting that Supervisor Peter M. Williams has requested the State Traffic and Control Commission, Albany, to install a manually operated traffic light at the corner for traffic control purposes and to provide protection for fire trucks and other authorized vehicles crossing Route 9W during a fire emergency.

The corner termed by authorities as "a dangerous intersection," has been the scene of many traffic accidents. A few years ago, Captain Charles Tiffany, mail dispatcher for Malden Post Office was killed as the result of an automobile collision at the corner.

## Widow Gets \$120,903 For Death of Mate

WHITE PLAINS, N. Y. (AP) — The widow of a man killed by a stolen car last December has been awarded a court judgment of \$120,903.

Supreme Court Referee Frederick G. Schmidt awarded the sum Wednesday to Mrs. May E. Sperling of Newtown, Conn.

Her husband, Richard, was killed when his car was struck by an automobile driven by Christine Nystrom, now 17, of Mount Vernon, N. Y.

Miss Nystrom was accused of driving the car at 100 mph on the Hutchinson River Parkway in The Bronx when it struck Sperling's vehicle.

The judgment was granted against Miss Nystrom.

## Critical After Fall

MONTREAL (AP) — Hugh Tanton of Montreal, critically injured in a fall while climbing in New York's Adirondacks, was reported in unchanged condition in Montreal neurological institute today. He was reported slightly better Wednesday. Tanton suffered a skull fracture and internal injuries in the 50-foot fall on Pocomoonshine Mountain last Sunday.

It was reported that bricks will be supplied by Staples Brick Co., Malden, who offered enough for the completion of both stations. West Camp fire station has been completed.

Coin collection cards will be picked up by firemen in the Malden area this week. Collections are nearly completed in West Camp, Luther Erickson announced at the meeting. Residents of the fire district were cautioned not to give the coin cards to any one except a firefighter of the company.

## Delicious Budget Dishes Utilize Nonfat Dry Milk

By GAYNOR MADDOX  
NEA Food and Markets Editor

Everyone is talking about high food costs. We dined with Gertrude Michalove, experienced food publicist, and she gave us two new budget recipes we really liked. Both use nonfat dry milk to cut costs and keep up nutritional values at the same time.

Instant nonfat dry milk can be used for drinking, cooking and baking, will even whip. It is top quality pasteurized milk with only the fat and water removed.

## Mustard and Frank Macaroni Bake (4-6 servings)

One and one-half cups water, 1/3 cup instant nonfat dry milk powder, 3 tablespoons flour, 1 teaspoon salt, 2 tablespoons prepared mustard, 1/2 cup finely chopped onion, 1/2 (8 ounces) package sharp American Cheddar process cheese, shredded; 1 1/2 cups elbow macaroni, cooked and drained; 4 frankfurters, cut crosswise into 1/4-inch slices.

Pour water into top of double boiler. Sprinkle instant nonfat dry milk powder, flour and salt over surface of water; add mustard; beat with rotary beater until blended. Add onion. Cook over boiling water, stirring constantly, until thickened (about 8-10 minutes). Add cheese, and continue to cook, stirring constantly until cheese melts. Combine cheese sauce, macaroni and frankfurters in 1 1/2-quart casserole. Bake in moderate oven (350 degrees F.) about 25 minutes or until sauce bubbles.

## Ginger-Flavored Cream (Makes 8-10 servings)

Three egg yolks, 3 cups water, 1/4 cup sugar, 2 envelopes unflavored gelatin, 1/2 teaspoon powdered ginger, 1/4 teaspoon salt, 3/4 cup (one envelope) instant nonfat dry milk powder, 1957.

THIS mustard, frank and macaroni bake, using economical nonfat dry milk, proves budget eating can be good eating, too.

1/2 teaspoon vanilla, 3 egg whites, 1/4 cup sugar.

Place egg yolks and water in top of double boiler; beat with rotary beater until combined. Mix together well 1/4 cup sugar and the gelatin, ginger and salt.

Stir in instant nonfat dry milk powder. Sprinkle mixture over surface of egg yolks and water.

Beat with rotary beater until blended. Heat over hot water, stirring constantly, until gelatin

is dissolved, about 10 minutes. Remove from heat; stir in va-

nilla. Chill until mixture reaches the consistency of unbeaten egg white. Beat egg whites until stiff, but not dry. Gradually add 1/4 cup sugar, beating enough to blend. DO NOT OVERBEAT.

Fold in gelatin mixture. Pour into 1 1/2-quart mold. Chill.

## TOMORROW'S DINNER:

MRS. WARREN CHARLES SHULTIS (Photo Crafters)

### Hirsch-Shultz Wedding Is Announced Here

The marriage of Miss Eva Hirsch, daughter of Dr. and Mrs. Irwin Hirsch of Richmond Hill, to Warren Charles Shultz, son of Mrs. Charles Shultz of Woodstock, has been announced.

The double ring ceremony was performed in the First Unitarian Church, Philadelphia, Pa. Officiating clergy was the Rev. Gilbert Phillips.

Ferns and white flower bouquets decorated the church. Dr. B. Stimson Carrow of Philadelphia, Pa., was organist. Soloist was Miss Jeanette Free, West Chester, Pa.

Given in marriage by her father, the bride wore a white silk organza gown styled with chapel train, scooped pearl neckline. Her French imported headpiece held an elbow length veil. Mrs. Shultz carried a white orchid with white roses and ivy.

Mrs. Albert Parker of Folcroft, Pa., was the matron of honor. Bridesmaids included Miss Wilma Yocom, Miss Ellen M. Giangiulio and Miss Margaret Meredithe, all of West Chester, Pa. All wore princess styled gowns in cocktail length with matching headpieces. They carried bouquets of white roses and ivy.

Beehler-Stefano Exchange Wedding Vows; Ceremony Is Held in Port Ewen Church

MR. AND MRS. JOHN E. STEFANO

The wedding of Elizabeth Anne Beehler to John Edward Stefano was announced to The Freeman today. Miss Beehler is the daughter of Mr. and Mrs. Charles A. Beehler of Connellsville. The bridegroom is the son of Mr. and Mrs. James Stefano of Buffalo.

The double ring ceremony was held Saturday, June 21, at 11 a. m. at the Church of the Presentation, Port Ewen. The Rev. Joseph Comyns, CSSR, officiated.

James Sweeney was at the organ. Soloist was Mrs. James Sweeney.

The bride was given in marriage by her father. She wore a white embroidered Swiss silk organdy gown. Her fingertip veil was gathered to a tiara of handmade lace. She carried glamorials, white roses and ivy.

Matron of honor, Mrs. Theodore Barten of Kingston, wore a white organdy gown with all over embroidery of blue forget-me-nots. She carried a firecracker basket of white roses, blue delphinium and daisies. In her hair she wore a crown of blue delphinium and white roses.

Sorority sisters of the bride served as bridesmaids. They were Miss Mary Pagidas of Port Chester, Miss Marilyn Leach, Perry, Miss Judith Scherrer and junior bridesmaid.

They wore white organdy with an all-over embroidery of blue forget-me-nots. They carried firecrackers.

By EMILY POST

Author of "Children Are People" and "Etiquette" etc.

### MALICIOUS GOSSIP

Dear Mrs. Post: I've been the victim of malicious gossip started by a woman whom I thought was a friend. What am I supposed to do? Take her actions sitting back quietly, or shall I go to her and have what is commonly called a "showdown."

Answer: Taking it for granted that the gossip is unfounded, it could do no harm, and might do good, to make an appointment to see this person if you can be sure of telling her very calmly, very good temperedly that you have heard that someone has told her something about you that is not true and you would like to straighten it out. Instead of believing her guilty of making up a malicious story or willfully putting a quite wrong construction on something she has heard, it is a much better approach to take it for granted that someone has unwittingly given her false information.

### Asking for Loan

Dear Mrs. Post: I loaned a friend money many months ago. There was no written agreement to pay. At the present time I need this money very much—in fact I don't know how I'm going to manage without it. How can I go about reminding my friend so as not to hurt her? I believe she is able to repay it now, and it may even be that she has actually forgotten about it.

Answer: Just say, "I hate to ask you, but at the present time I am in great need of the money you borrowed, and I hope you can pay it."

### Unwelcome Cutting In

Dear Mrs. Post: If a man cuts in on a girl when she is dancing with someone she likes very much and with whom she would prefer to keep on dancing, is there any way she can refuse the second man without being rude?

Answer: No, the only thing she can do is to whisper quickly to the man she is dancing with when she sees that she is going to be cut in on, "Oh, do come back soon."

When to take pictures of the wedding, also details on the receiving line will be found in leaflet E-2, "Formal Wedding Procedure." Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to Dept. EP, in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Lester - Long  
Nuptials Told

The wedding of Marian E. Lester, daughter of Mrs. Lottie Lester, 153 Hunter Street, to Joseph P. Long, son of Mr. and Mrs. Thomas Long of 57 Stephan Street, was held Sunday, July 6 at 2 p.m. in St. Joseph's Church. The Rev. James V. Keating officiated.

For her wedding the bride wore a white dacron street length gown styled with sweetheart neckline and small white hat. She also wore a corsage of white rosebuds.

The bride was attended by her sister, Genevieve Lester, who wore a pink tulip crystallette dress styled in Dior fashion with a molded long torso and portrait neckline. A matching half hat of lilies of the valley completed her outfit.

Best man was George Long of Colonial Gardens, the bridegroom's brother.

A reception was held at VFW Hall on Delaware Avenue for more than 45 guests.

Mrs. Long, who was graduated from Kingston High School, is employed by Skyline Manufacturing Company. Her husband, an alumnus of Kingston High School, served two years with the army, 15 months of which was spent in Germany.

The couple will make their home in Port Ewen when they return from their wedding trip.

Unlike the Gregorian calendar, a Chinese year lasts only 360 days.

The Wiltwyck Unit of the Ulster County Extension Service held its annual luncheon at Broglie's Wednesday.

Those present were, Mrs. Harry Van DeMark, chairman; Mrs. Jacob Francis, vice-chairman and Mrs. Edward Parmelee, secretary. Other members present were the Mmes. Edward Arnold, Robert Atkinson, Hollis Burhans, Alwyn Buddington, Thomas Connally, William DeYanney, Peter Fillipone, Walter Fallon, Durwood Freer, Julia Joyce, Charles Lamphere, Loretta Noble, Ella Reynolds, Edward Reynolds, Eugene Rider and Mildred Wendland. There were 11 guests.

The first business meeting will be held Sept. 9. Anyone interested in the program is invited to attend.

The program for 1958-59 will include the following projects: Fall millinery sandwiches, wool skirt, simple dress or housecoat, yeast breads, refinishing wooden bowls, advanced enameling on copper, braided rugs, special Christmas wreath and succession of bloom in the garden.

The Bridd's sister, Mrs. Preston DeWitt, served as matron of honor. She wore a floor length gown of white over pink taffeta styled with a scoop neckline, short shirred sleeves. A pink taffeta sash accented the bodice. The skirt was very bouffant. A contoured picture hat completed her ensemble. Mrs. DeWitt carried a cascade of light and dark pink carnations.

Attendants included the bride's sister-in-law, Mrs. Donald Landers, Mrs. James W. Smith of Saugerties and Miss Carol O'Hara of Kingston. Their gowns were styled identically as that worn by the honor attendant except in blue.

## St. James Church Is Scene of Wedding For Joan Landers and James Walter Haley

Miss Joan Mildred Landers, daughter of Mrs. Carl Landers of 18 Ore Place and the late Carl Landers, became the bride of James Walter Haley, son of Mr. and Mrs. Walter Haley of Susquehanna, Pa., Sunday, July 6 at 1:30 p.m.

The double ring ceremony was held in St. James Methodist Church with the Rev. Richard R. Guice officiating.

Organist for the occasion was Raymond Corey. Miss Janet Kaercher was soloist.

The bride was given in marriage by her brother, Carl E. Landers. She wore a nylon lace and tulle gown over slipper satin. It was fashioned with a picture neckline, fitted bodice, long pointed sleeves, very full skirt with a cascade of tulle and lace in back from the waistline to the end of the chapel length skirt.

A fingertip veil of pure silk illusion was caught to a coronet. She carried a stylized cascade of white roses and orchids.

The bride's sister, Mrs. Preston DeWitt, served as matron of honor. She wore a floor length gown of white over pink taffeta styled with a scoop neckline, short shirred sleeves. A pink taffeta sash accented the bodice. The skirt was very bouffant. A contoured picture hat completed her ensemble. Mrs. DeWitt carried a cascade of light and dark pink carnations.

## Sylvia Fay Wheatcroft Weds Lloyd A. Fulk In Double Ring Ceremony at St. Gregory's

Miss Sylvia Fay Wheatcroft, daughter of Mrs. Doris Wheatcroft of Toronto, Ontario, Canada, became the bride of Lloyd Amos Fulk of Shady on Friday, July 4. Mr. Fulk is the son of Mr. and Mrs. Russell Fulk of Decatur, Ill.

The double ring ceremony was held at St. Gregory's Church, Woodstock. Officiating clergyman was the Rev. Herald C. Swezy, pastor.

Mrs. Houston Richards was at the organ.

White gladioli decorated the church for the occasion.

The bride was given in marriage by I. H. Wheatcroft of Glenorie Lake. She wore a floor length gown of silk organza with fitted bodice, scalloped scoop neckline and short sleeves of appliqued nylon tulle trimmed with seed pearls and sequins. A fingertip veil of imported silk illusion was gathered to a cap of taffeta lace. She carried a cascade of blue carnelians and white pompons trimmed with seed pearls.

Miss Diane Palmer of Toronto, Canada, served as honor attendant in a French blue afternoon dress of crystallette styled with a fitted bodice, flared skirt. She carried a colonial bouquet of white and yellow pompons. Mrs. Evelyn Keefe of Hemstead, L. I. also served as attendant wearing the same type gown as Miss Palmer.

Flower girls were Miss Karen Holoran and Miss Gayla Holoran. They wore blue and white orion with overskirts of blue nylon. Both carried colonial bouquets of white and yellow pompons.

George A. Ury of Hempstead, L. I. served as best man. Lee V. Rector was usher.

More than 60 guests were entertained at a reception in Deanes in Woodstock.

The bride was graduated in June from Bishop Strachan School in Toronto, Canada. Her husband is an alumnus of University of Illinois and is employed by IBM in Kingston.

For her wedding trip, Mrs. Fulk wore a traveling ensemble consisting of a blue and white silk dress with matching blue coat.

The couple will make their home in Shady when they return.

The couple plan to make their home in Kingston.

Organist for the occasion was Raymond Corey. Miss Janet Kaercher was soloist.

The bride was given in marriage by her brother, Carl E. Landers. She wore a nylon lace and tulle gown over slipper satin.

It was fashioned with a picture neckline, fitted bodice, long pointed sleeves, very full skirt with a cascade of tulle and lace in back from the waistline to the end of the chapel length skirt.

A fingertip veil of pure silk illusion was caught to a coronet. She carried a stylized cascade of white roses and orchids.

The bride's sister, Mrs. Preston DeWitt, served as matron of honor. She wore a floor length gown of white over pink taffeta styled with a scoop neckline, short shirred sleeves. A pink taffeta sash accented the bodice. The skirt was very bouffant. A contoured picture hat completed her ensemble. Mrs. DeWitt carried a cascade of light and dark pink carnations.

Attendants included the bride's sister-in-law, Mrs. Donald Landers, Mrs. James W. Smith of Saugerties and Miss Carol O'Hara of Kingston. Their gowns were styled identically as that worn by the honor attendant except in blue.

## Bronx Gives 61 Convention Votes To Rockefeller

NEW YORK (AP) — Nelson A. Rockefeller took the lead today in the race for the Republican nomination for governor as he picked up 61 convention votes from the Bronx.

At the same time, Senate Majority Leader Walter J. Mahoney, who had been the front runner, lost 36 votes that had been counted in his column.

### Williams in Race

The Bronx endorsement boosted Rockefeller's total of pledged delegates to 180. Mahoney's loss dropped him to 166.

Close behind was Leonard W. Hall, the party's former national chairman, with 163; Paul W. Williams, former U. S. attorney who joined Hall and Rockefeller yesterday as an avowed candidate, has 81.

Mahoney, who has not declared himself as a candidate, was thought to have the backing of the Oneida, Madison and Herkimer county organizations. In May, the three GOP county chairmen said he was the party's best bet for governor and urged him to run.

However, Oneida Chairman Leo M. Rayhill, speaking for the three counties, now says they are not committed to any candidate. It is believed, however, the three are leaning toward Rockefeller, who visited the area Wednesday in quest of support. Rayhill took pains to emphasize Wednesday night that the statement in Mahoney's favor was not an endorsement.

Herman Winner, chairman of The Bronx GOP committee, said he is supporting Rockefeller because a private survey showed him to be the "best regarded" candidate.

The Bronx is the first of New York City's five counties to endorse Rockefeller, currently on an upstate tour to pick up support for the nomination convention in Rochester next month.

There are a total of 200 votes among the city's five counties.

Winner in a statement said the decision to support Rockefeller was not easy to make because of the "several very well qualified men" under consideration.

"As Republican candidate for governor," Winner said, "Mr. Rockefeller would arouse sweeping enthusiasm in The Bronx, not only in our own party but also among those many members of the Democratic and Liberal parties who have become disillusioned and disgusted with their own leadership which has made many promises but failed miserably in performance."

Williams, veteran federal and state prosecutor, acknowledged he had an uphill fight on his hands when he agreed to run for the nomination.

### John Werzinger Jr. Awaited by Dying Dad

JERSEY CITY, N. J. (AP) — John Werzinger Sr. is waiting for his son.

He doesn't have long to wait. The 64-year-old man is dying of cancer, and he knows it.

Four of his sons, a daughter and 10 grandchildren have gathered about Werzinger in his home here.

But one son is missing. John Werzinger Jr., 36, left Jersey City a year ago to work as a civilian guard at a military establishment in El Paso, Tex. He wrote his mother last month that he was giving up the job, and his parents have not heard from him since.

Werzinger's family appealed to newspapers to publish the story in the hope that John will read it and return home.

He has only a few days to do it.

### Jailed for Exposure

Frederick Oliver Joyal, 56, baker from 256 West 29 Street, New York City, was arrested by Ellenville police Wednesday on a charge of exposure of his person in violation of Section 1140. Taken before Justice Benjamin Lonstein of Ellenville he was given 90 days in jail.

John Joseph Hoffman, 28, of 153 Livingston Avenue, Albany, was arrested Wednesday by Ellenville police on a charge of unlawful entry. Arraigned before Justice Benjamin Lonstein of Ellenville he was given 90 days in jail.

## Senate Measure Calls for Fund To Deepen Hudson

MONTREAL (AP) — The Longshoremen's and Teamsters' unions have agreed to move ahead promptly to try and organize 200,000 Canadian dock and transport workers for the expected shipping boom on the St. Lawrence Seaway.

The decision was made Wednesday at a meeting of 24 American and Canadian union chiefs that command locals from the Gulf of Mexico to the Great Lakes.

The million-member Canadian Labor Congress will decide jurisdictional disputes.

The 200,000 workers now are employed in Canadian ports.

William Dodge, executive vice president of the CLC, said a formal meeting would be called later for representatives of other unions with interests in a potential Seaway labor pool.

Among those attending the meeting was William Bradley, chairman of the International Longshoremen's Assn., which claims 6,000 members in Canada.

## Another Meeting Is Set Today on Ironworkers' Pay

SYRACUSE, N. Y. (AP) — State and federal mediators, continuing to report progress, called another meeting today in hope of ending a strike of ironworkers now entering its fourth week.

Aided by the mediators, Ironworkers union officials and builder groups from six sections of the state negotiated for seven hours Wednesday.

Other than to say progress had been made, the mediators were non-committal.

It was reported, however, that some of the union-employer groups were closer to agreement than others. The talks are being held at the local, rather than the statewide level.

About 1,500 ironworkers struck June 16 to back up their demand for higher wages. About 20,000 allied workers have honored the picket lines.

Construction has been snarled in much of Upstate New York.

Participating in the talks are employers and ironworkers from Albany, Rochester, Utica, Elmira, Binghamton and northern New York.

The Syracuse local has been meeting separately with the Syracuse Building Trades Assn. Agreement has been reached in Niagara Falls.

Wage scales range, by area, from \$3.50 to \$3.60 an hour.

Child Dragged by Horse Suffers Broken Neck

TICONDEROGA, N. Y. (AP) — Three-year-old Lynn Carver of Brooklyn, was killed Wednesday when she fell from a horse and was dragged 175 yards with her foot in a stirrup.

Lynn, daughter of Mr. and Mrs. Murray Carver, was riding with her two older brothers when the accident occurred, State Police said.

When she fell, the horse turned and trotted for the stable. Lynn's neck was broken, a coroner said.

The Carvers were vacationing at a state campsite at Hague, on Lake George.

By a decree of King Maximilian Joseph I, in the 18th century, all Passion plays were forbidden in Bavaria. Only one village, Oberammergau, escaped the ban. In 1633 the village had a dreadful plague. The inhabitants vowed to present a Passion play every 10 years if the plague would cease. The Oberammergau Passion play each 10 years has become a world-famous event. © Britannica Jr. Encyclopedia

## January Jury Is Discharged Today, Heard Probe Data

The January grand jury which had been held in session for the past several months, and which heard considerable evidence in the "kickback" probe conducted by District Attorney Howard C. St. John prior to the calling of an extraordinary term of Supreme Court, was discharged from further service Wednesday by Supreme Court Justice Harry E. Schirick.

Alleged road oil "kickbacks" were under investigation by the regular Ulster County Grand Jury and indictments were returned. Later Governor Harriman ordered an extraordinary term of Supreme Court to continue the "kickback" investigation.

Senator Bernard Tompkins was named by Attorney General Louis K. Lefkowitz to conduct the proceedings and Governor Harriman named Supreme Court Justice Henry Clay Greenberg of New York to preside at the extraordinary term of Supreme Court. A panel of 23 grand jurors was selected from 150 persons summoned and that grand jury had organized and begun its deliberations. That grand jury was in session today.

In discharging the January grand jurors Justice Schirick thanked them for their services, paid a tribute to their conscientious efforts and said never in his 23 years as a justice had he seen a more conscientious working grand jury or one which showed sounder judgment.

District Attorney St. John also extended his thanks and congratulations to the members of the panel for their long service and said they had performed a conscientious job and had made a real contribution to the administration of justice in the county.

## YMCA Delegates Return From Leader Conclave

Jack Lewis of Port Ewen and James Rundel of 67 O'Neil Street have returned from the YMCA Junior Leaders' Conference held June 30 to July 7 at Silver Bay, Lake George. The two local boys, sponsored by the Kingston Lions Club and representing the YMCA Boys Leaders group, were among the 80 representatives from 16 states attending the 12th annual conference.

The boys were divided into nine groups and while at the conference were judged on various points of behavior and leadership. Lewis and Rundel both won trophies for outstanding achievement.

Discussions group sessions were held in leadership and organization. Opening session speaker was Cody Moffett, program director of the National Council of YMCA of North America, who chose as his topic "This is Your Life."

Sightseeing trips to Fort Ticonderoga and Lake George were conducted Sunday.

Richard Case, local Y physical director, who selected the two boys to attend from the Kingston area, will take the boys to the Lions Club luncheon meeting Tuesday so that they may relate their experiences at the conference.

# Hunt Hurls No-Hitter In Rec Softball Loop

## Subway Veteran Blanks Rookies

Al Hunt of the Subway Grill pitched no-hit, no-run game as the Grills knocked off Rookies Tavern, 11 to 0, in the Recreation Softball League.

Hunt, one of the real veterans of city softball competition, joined W. C. Lindsay in the no-hit circle as he stopped the Rookies cold for seven straight innings. He narrowly missed a perfect game as only one batter reached first base.

The Subways, meanwhile, clobbered Hines and Palmucci for 11 hits, one of them a home run by Frank Koenig, who also had a single.

Bill Haber repped a single and triple for Subways. Vince Peck and Steve Cea went single-double.

OGDEN, Utah (AP) — No one can argue his fans' contention that Bruce Larson of Weber College is at least the second best junior college basketball coach in the nation. His Weber Wildcats finished second in the National Junior College Basketball tournament this year. Last year, Larson guided Mesa (Ariz.) Junior College to the runner-up spot in the national tournament. He beat his old school in regional playoffs this season.

### Antlers Defeat Rotary, 13-6 for Fifth Straight

Elks Lodge tossers trounced Rotary, 13 to 6, for their fifth straight National League victory, while V.F.W. edged the American Legion, 3 to 2, in Babe Ruth League contests yesterday.

Van Wagener and Fay of the Elks combined for a nine-hitter against Rotary. The Antlers also had nine blows off Johnson and Kieffer.

Van Wagener slammed three singles for the Elks and Davide had a pair. Extra base hitters were Hughes with a triple and Reid with a double.

The league standings:

	Won	Lost
Elks Lodge	5	0
Knights of Columbus	3	1
Volunteer Firemen	2	2
V.F.W.	2	3
American Legion	1	4
Police	0	4

Berardi's third-inning homer was the key blow for V.F.W. which scored its winning marker in the top of the seventh. Bream was the winning pitcher on a six-hitter. Reardon and McAndrew of the Legion yielded five hits. Rua cracked a single and double. Uhl hit two solos and Falvey and Hoffman clouted two baggers.

Cardwell Quits When He's Ahead

By THE ASSOCIATED PRESS

Don Cardwell left 'em smiling in Miami. Now he hopes to leave scowling in Chicago.

The Miami Marlins ace right-hander was told late Wednesday that the parent Philadelphia Phils had called him up and that he was due to pitch against the Chicago Cubs Monday. Then he went out and hurled a masterful two-hitter, blanking Havana 2-0 in what may be his last International League game.

Siegel won his closest victory of the tourney by beating Chuck Keating of Corning 2-up. Up to the semifinal, Siegel had made the strongest showing. He won his three early round matches by 6 and 4 scores.

Howard Derrick of Ft. Johnson and Fred Kucker of Rochester meet in the final of the boys division today.

Happy About Date

LANSING, Mich. (AP) — Jess Mattox, one-armed flagpole painter from Jackson, Mich., has a date to paint the three state Capitol Building flagpoles next week.

And he's glad July 13 doesn't fall on a Friday this year.

Two years ago, Mattox had a narrow escape from death at the Capitol when a scaffolding gave way, Friday the 13th.

Mattox, who lost his right hand in a blasting accident 10 years ago, is due at the Michigan Capitol as soon as he finishes flagpoles on the Capitol Building at Charleston, W. Va.

## Lane Admits Good Pilots About Even

By HUGH FULLERTON JR.  
Associated Press Sports Writer

NEW YORK (AP)—Frank Lane, Cleveland Indians' general manager who has quite a reputation for trading ballplayers and second-guessing managers, finally has admitted he thinks all good managers are about even.

Lane, who came here from the Indians after the All-Star Game, was sadly discussing some repercussions of his firing Bobby Bragan as the club's manager last month.

He was sad mainly because a writer had asked a few questions about specific incidents leading up to Bragan's dismissal and Lane's frank replies, when they appeared in print, made Bobby look bad as a manager and Lane look extremely critical.

### Only Second Time

It was, in fact, only the second time in Lane's 11 seasons as general manager of three major league clubs that he had dropped a manager in midseason.

"When they asked me the reason at the time I let Bobby out, I said it wasn't any one thing but a lot of little things," Lane said. "It still is a lot of little things and there's no purpose in rehashing them now."

"The truth is I think most good managers are about on a par. Al Lopez could win with the Yankees the same as Casey Stengel. It's the ones who aren't quite so good who have trouble."

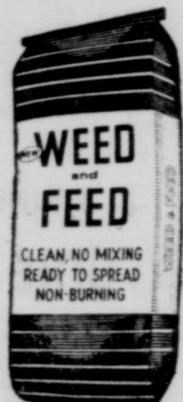

That indicated Lane apparently classified Bragan as one not quite so good and the general manager confirmed it by mentioning Bobby's "immaturity of thinking" and his handling of players.

### Joins Monmouth Riders

OCEANPORT, N. J. (AP)—Jockey Tony DeSpirito, 1952 champion with 390 winners, plans to ride the summer at the Monmouth Park meeting. He has joined Bill Hartack, the champion the last three years, and Joe Culmone at the seashore track. Culmone tied Willie Shoemaker in 1950. DeSpirito, a native of Lawrence, Mass., has his mounts booked by Lenny Goodman.

## Palmer Choice In Golf Tourney

WETHERSFIELD, Conn. (AP)—Arnold Palmer leads a field of 145 today into the three-day International City Open golf tournament.

Palmer, 1958 Masters champion from Latrobe, Pa., Wednesday shot a seven under par 33-33-64, the lowest practice round score.

Par for the course is 35-36-71. A handful of players scored under par Wednesday including Jackie Burke of Klamath Lake, N. Y., and Dow Finsterwald of Tequesta, Fla., who scored 67s, and Connecticut's Julius Boros, with a 68.

Ted Kroll of Sarasota, Fla., George Bayer of San Gabriel, Calif., and Don Hoening, Connecticut Open champion from Thompson, all had 69s.

Eliminations will be held Friday and Saturday. The final 18 holes will be played Sunday.

## Bilko Sparks Dodgers' Hex Over Braves

LOS ANGELES (AP)—Gobbling up second-division teams with regularity is the common behavior among front runners in the major leagues.

But that's not the way it's working with the first-place Milwaukee Braves and the last-place Los Angeles Dodgers.

Wednesday night the Dodgers knocked down the Braves for the eighth time in 10 meetings this season. The score was 10-3.

This was the only game in the National League. In the American League's only action, the Cleveland Indians belted the New York Yankees 12-3.

The Braves will be here again tonight. Pittsburgh will be at Chicago, Philadelphia at St. Louis and Cincinnati at San Francisco.

The heroes of Wednesday night's piece were Steve Bilko and Stan Williams.

Bilko, a local idol when he played in the Coast League for the old Los Angeles Angels, made his first starting appearance at home since his recent acquisition from Cincinnati. He slammed a three-run homer in the first inning. The big first baseman drove in another run later with a sacrifice fly.

Williams, a rookie right-hander, pitched a pretty four-hitter and picked up his fourth victory in seven decisions.

Right behind Bilko in run production was rookie catcher John Roseboro, who drove in three with a double and a single. He scored twice himself, once after tripling.

## Bold Colby Wins At Monticello

## Orange County Fair Fireworks Set August 2-10

Maybe it's the influence of the atomic age, but this year the Orange County Fair plans a reverse count-down on its nightly fireworks display at Middletown during the week of Aug. 2-10.

The 118-year-old fair will open each evening program with a blazing finale, Fred Germain, Jr., general manager, said today. And the closing? There'll be a double fi-

gale at the end, Germain promised.

### Outdoor Exhibit

Some other changes will be evident in the setup at the big fairgrounds. Among them, the farm machinery display will be out under the open skies instead of cluttering a crowded shed. Accompanying each major line will be an office tent for information and the distribution of literature.

The awards were announced

Wednesday night at the opening of the association's four-day meeting here. The contest, aimed at developing better newspapers, was sponsored by the association in cooperation with state press associations.

The Riverhead, N. Y., News-Review placed first in typography for weeklies of more than 6,000 circulation and third in general excellence.

An editorial by Ira L. Cahn of the Massapequa, N. Y., Post placed second in the editorial category.

The Mt. Kisco, N. Y., Patent

Trader won a second prize for classified advertising in papers of more than 4,000 circulation and the Owego, N. Y., Gazette took a second for newspaper promotion.

### Probers Summon Accardo

CHICAGO (AP)—Tony Accardo, swarthy boss of the Chicago underworld, is a husky, ill-tempered gang lord who lives in lavish style in a huge, ornate home in one of Chicago's most exclusive suburbs.

Often termed the successor to the late gang leader Al Capone, for whom he served as bodyguard, the 52-year-old Accardo is under subpoena to appear before the Senate Rackets Committee in Washington during current hearings into underworld activities.

It's not likely that the committee will get much information out of the tight-lipped gang boss. Another Senate committee headed by Sen. Estes Kefauver (D-Tenn) tried in 1951 but got nowhere. Accardo gave the committee little more than his name.

### Bicycle Is Picked Up

Joseph Stephano of Crown Street, Kingston, notified Kingston police that a bicycle had been at a shale bank on Linden Avenue Extension for the past three or four days. The matter was referred to the sheriff's office and Deputy Sheriff Wesley O'Brien checked and found a red and silver Evans bicycle which was brought to the sheriff's office where it is being held for identification.

Yes, I'll agree it sounds fantastic but it is a fact and I believe without a doubt it is a tremendous bargain for anyone who can use it. I must hasten to say that the Real Estate Company, Hudson Counties Estates, Inc. in Roseland, Mrs. Mary C. Smith, has a half interest in this property. The property comprises approximately 36 acres. It is located on a main road, just off Rte. 32 at DeWitt Mills, Ulster Co., N.Y. Instead of turning right to DeWitt Lake, one turns left to the property. A small pond, made by an improvised dam, is already there. Beyond this is a small creek, created by an earth dam and water to this comes from an abundant never failing spring. Part of the land is level to rolling. Suitable for development of camp sites, the balance is in picturesque pine woods. It is ideal for children's or adult camp.

THE TITLE IS PERFECT

**May Recover Live Mouse After Shot**

CAPE CANAVERAL, Fla. (AP) — Preliminary reports today indicated that the chances are good for recovering a live mouse hurled through space in the advanced nose cone of a Thor-Able rocket Wednesday night.

The Air Force announced 15 minutes after what appeared to be a perfect launching that preliminary data showed the missile performed satisfactorily.

It still was too early to tell, however, whether the towering two-stage rocket was the first U.S. ballistic weapon to travel 6,000 miles or more through space.

The mission was to recover the nose cone and its live passenger if they survived the fiery plunge through the earth's atmosphere from outer space.

A successful test also would prove the performance of the two stages which reportedly will play a key role in three Air Force moon probes. A three-stage version of the Thor-Able probably will be used in the first lunar shot expected in a month or so.

The same Douglas Aircraft Co.

Only the Snark, a jet-propelled missile that travels only at 600 m.p.h., has covered the intercontinental distance up to now. It is not a space weapon, however.

The test rocket — a Douglas

intermediate range missile coupled with a modified Vanguard second-stage vehicle — streaked into the starlit Florida sky with an ear-splitting roar and a flash of yellow flame.
